

## Why Choose Us

There are a number of key reasons why Home Healthcare SOS, Inc. is the right choice for you:

### ***100% Online***

SOS Online is Web-based, designed to be used online. Users must login in order to access data or use any of the SOS Online functions. This has significant benefits and implications. For one, all data, features, and functions are always available – at any time, from anywhere. All data is viewed in real-time – it is always up-to-date. There is never a need to sync data – data is never out-of-sync.

### ***Hosted Solution***

Home Healthcare SOS, Inc. hosts SOS Online for you. You are provided your own SOS Online Web site that only you can access. Because it is hosted, your IT work is done for you. You don't have to buy any hardware and you don't have to download or install any software. You don't have to worry about keeping the system up and running, or making backup copies of your database.

### ***Customized Forms***

Home Healthcare SOS, Inc. will eFormalize your paper forms. This means we will convert your existing paper forms to an electronic format that makes them usable online. Because you can continue to use your own forms, the transition from paper to SOS Online is simplified. Users are familiar with the forms, and how the document on the forms – there are no big surprises or complex applications to learn.

### ***Easy to Use***

Using SOS Online is similar to doing email or using online banking. Users must login and enter their unique user ID and password. Once logged in, users see menus tailored to their role. By pointing and clicking on links, users are able to open and update forms.

### ***Low Risk Entry***

You don't need to purchase any additional hardware, such as laptops, tablets, scanners, or other mobile devices to use the system. Nor do you need to purchase any additional software. Thus, the overall system is extremely cost effective. Our flexible pricing options allow you to use the system at a price that you can afford.

### ***Unlimited # of Users***

SOS Online is not priced on a per user basis. Therefore, you can have an unlimited # of users without paying any additional charges. This makes SOS Online very cost effective, especially if use many contractors or have a lot of users that work part time. It also allows you to outsource services, such as QA or forms review, without having to pay extra.

### ***Automatic Updates***

Automatically making software updates available to all users is a key characteristic of Software-as-a-Service (SaaS) offerings like SOS Online. You gain quicker access to new features and functions without having to do any extra work. When SOS Online adds a new feature or function, it is available to you the next time you log in.
